

Amberg Technologies AG is a leading provider of integrated measuring system solutions for recording and analysis of structural information in the infrastructure sector. Sound knowledge and a consistent focus of business activities on the area of infrastructure construction, especially tunnel and railway construction, generate high-quality system solutions known all over the world. Amberg Technologies AG is a Swiss enterprise which operates globally as a company of the Amberg Group.

## Test and DevOps Software Engineer (80%-100%)

At our location in Brno / Czech Republic we are looking for a Test & DevOps engineer whose passion lies with application testing and improving systems for build delivery and continuous integration. Your interests are in automation and improving workflow for ensuring software stability.

You will be part of the development team and you will be responsible for manual and automated testing. You will help to develop and maintain our continuous delivery system. You will identify and address any functional and non-functional issues through the Atlassian cloud environment (JIRA, Confluence)

### Your challenges

- Analysis and manual testing of desktop/web applications
- Writing and maintaining automated tests (Squish, Cypress)
- Maintaining and improving our continuous delivery tools and pipelines
- Working closely with our international development teams
- Managing part-time junior testers assigned to your project
- Opportunity to help with small tasks in development (based on team decisions)

### Your profile

- Experience with scripting language Python, JavaScript, PowerShell, or similar languages
- Experience with continuous delivery systems such as Jenkins is a plus
- Advanced knowledge of Windows OS
- Great interpersonal and team communication skills, proactive and passionate
- Czech/Slovak and English communication and writing skills
- Willing to learn new technologies, methodologies, frameworks
- University degree in computer science or related field

### Our Offer

- 4+ weeks of vacation, 3 sick days
- Flexible working hours & possibility to work in home office
- Meal vouchers, multisport card, beverages, Swiss chocolate 😊
- Great team spirit, movie nights and other team activities

We would be pleased to receive your application at [jkral@amberg.cz](mailto:jkral@amberg.cz).

Amberg Engineering Brno a.s., member of Amberg Group, Mr. Jiri Kral, Lead of the Software Development Department, Ptasinskeho 10, 602 00 Brno, Czech Republic.
